

Student Directions

Friday:

1. Complete your do-now for the day.
2. Look at the "How to Write a Scary Story: Free Write Directions" and **READ THEM CAREFULLY**
3. The "Something's not Quite Right" and "Uh-Oh" elements are on my class website.
 1. Go to crismoreclassroom.weebly.com
 2. Click on Homework
 3. Click on October
 4. Look for today's date
 5. Open up the file next to it. These are the elements. When you see a brown screen that doesn't have a picture, that means all the slides that **COME AFTER IT** are those elements.
4. Fill out three story ideas (brainstorm!) on your three blank Scary Story Skeletons.
5. Choose one idea to begin writing a rough draft.

Monday:

1. Write a full, complete story that has **ALL FIVE** elements of plot (look at the skeleton for a reminder)
2. Complete the Revision Log and Editing/Revising Checklist
3. Write a final draft (handwritten is acceptable, but it needs to be a neat, clean copy).
4. If you finish early, read independently.
